Tor. Corner Military Coal

UNDER SECRETARY'S MEETING

U.S. Policy Toward Inter-American Military Collaboration

See NSC-56 for approval p-Jun

Attached for the consideration of the Under Secretary's Meeting is a copy of the document of the above title which was prepared by the NSC Staff at the request of the Secretary of Defense. It is now in the hands of the Consultants for their consideration prior to submission to the NSC for action. The Conclusions of the paper begin on page 5.

The Appendix referred to in the document deals with JCS estimates on collective security for the Western Hemisphere, but is not included herewith since it is not essential to the policy considerations.
